

Legacy Giving

A MEMORIAL FOR LOVED ONES

.....

The Long Island Alzheimer's & Dementia Center (LIAD Center) offers a program to meet the needs of so many family members in mourning, *Legacy Giving*. This program provides grieving families a way to celebrate the life of their passed loved ones by setting up an "In Memorial" donation fund designated to support the many programs the LIAD Center provides to our participants and caregivers.

♥ The LIAD Center will provide families with pledge envelopes to distribute during their mourning period and together, the LIAD Center will set up a legacy in memory of their loved one.

- or -

♥ Visit our website, click on the "Donate" button, and simply mention the name of your loved one so a fund can be set up in their memory.

With *Legacy Giving*, families can leave a lasting legacy for their departed loved one and help support the incredible programs to our participants and caregivers at the LIAD Center.
